Product Description:

Develle Royal Eye Lash Eyelash and Eyebrow Serum.

Develle Royal Eye Lash Eyelash and Eyebrow Serum activates the natural growth of your eyelashes and contains a cosmetic eyelash growth substance (Isopropyl Cloprostenate). This substance originally comes from glaucoma research (cataract treatment in ophthalmology) and was optimised and further developed for cosmetic use.

Develle Luxury Eye Lash Eyelash and Eyebrow Serum.

Develle Luxury Eye Lash Eyelash and Eyebrow Serum is a prostaglandin free eyelash serum which contains the newly developed, innovative cosmetic eyelash growth agent SymPeptide XLash and activates the natural growth of your eyelashes.

Application:

Apply Develle Eye Lash Eyelash and Eyebrow Serum just like normal eyeliner. Apply Develle Eye Lash Eyelash and Eyebrow Serum just once daily – ideally in the evenings after cleansing of the eye area – to the upper outer lash line (as shown in the illustration). One brush stroke with Develle Eye Lash Eyelash and Eyebrow Serum is perfectly sufficient. For the treatment of eyebrows please follow the same procedure. Allow Develle Eye Lash Eyelash and Eyebrow Serum to work briefly. After that you can continue to use other care products as usual. First visible changes to the eyelashes can usually be seen after 2–4 weeks. The maximum natural growth potential of the eyelashes and eyebrows can be reached after around 16 weeks for most customers using Develle Eye Lash Eyelash and Eyebrow Serum.

Important notice:

We recommend that you cleanse your hands and face with a mild cleansing product and water before applying Develle Eye Lash Eyelash and Eyebrow Serum. Should you experience an allergic reaction to any of the ingredients in Develle Eye Lash Eyelash and Eyebrow Serum, please stop treatment immediately. In rare cases skin irritation can occur at the beginning of treatment with Develle Eye Lash Eyelash and Eyebrow Serum. Should this happen, pause treatment with Develle Eye Lash Eyelash and Eyebrow Serum for one day. Usually symptoms will disappear immediately after treatment has been stopped. Should symptoms persist however, please discontinue use immediately and contact your doctor. Similarly you should not use Develle Eye Lash Eyelash and Eyebrow Serum if you have an injury to your eye or eyelid. Some users have experienced a slight discoloration to the upper lash line. Should you mind this discoloration to the upper lash line, please do not use Develle Eye Lash Eyelash and Eyebrow Serum. We hereby expressly inform you that Develle Eye Lash Eyelash and Eyebrow Serum is not to be used for the treatment of hair loss or to promote hair growth.
