

Eyelash serum & eyebrow serum by Develle Premium Cosmetics.

The beauty innovation for naturally luscious, long, full eyelashes and eyebrows in just a few weeks.

We'd like to congratulate you on your excellent purchase decision and hope you enjoy your beautiful long eyelashes. Every eyelash serum by Develle Premium Cosmetics is a PRODUCT OF EXCEPTIONAL QUALITY, MADE IN GERMANY. By using our eyelash serums, which have been developed according to the latest scientific knowledge and manufactured in Germany, you will experience the beauty of the longer, fuller and stronger eyelashes that you've been dreaming about in a matter of just a few weeks. You will notice the first effects after just two weeks of daily use.

Product description:

Develle Supreme Eyelash and Eyebrow Serum.

Develle Supreme Eyelash and Eyebrow Serum contains a blend of two different innovative active ingredients which activate the natural growth of your eyelashes.

Develle Quick Eyelash and Eyebrow Serum.

Develle Quick Eyelash and Eyebrow Serum contains a doubly concentrated blend of innovative active ingredients which activates the natural growth of your eyelashes.

Develle Sensitive Eyelash and Eyebrow Serum.

Develle Sensitive Eyelash and Eyebrow Serum is a prostaglandin-free eyelash serum containing the newly developed innovative eyelash enhancing agent SymPeptide XLash which activates the natural growth of your eyelashes.

Application:

Apply Develle Eyelash and Eyebrow Serum just like a normal eyeliner.

Apply Develle Eyelash and Eyebrow Serum just once a day - ideally in the evenings, after cleansing and drying the area - to the upper outer lash line (see picture). Just one stroke of Develle Eyelash and Eyebrow Serum is sufficient. Repeat the process to treat your eyebrows. Allow Develle Eyelash and Eyebrow Serum to work briefly before applying your usual cosmetics. You will normally notice the first effects on your eyelashes after 2-4 weeks. After about 16 weeks of treatment with Develle Eyelash and Eyebrow Serum most users will achieve the maximum natural growing potential of their eyelashes and eyebrows.

Important notice:

We recommend that you wash your hands and face with a mild cleansing product and water before applying Develle Eyelash and Eyebrow Serum. In case of an allergic reaction to any of the ingredients in Develle Eyelash and Eyebrow Serum please discontinue use immediately. In rare cases an irritation of the treated area can occur at the start of treatment with Develle Eyelash and Eyebrow Serum. If affected, discontinue use of the Develle Eyelash and Eyebrow Serum for one day and symptoms should disappear immediately. If symptoms persist, discontinue use immediately and contact your doctor or pharmacist. It is advisable not to use Develle Eyelash and Eyebrow Serum if you suffer from an eye infection or injury to the eyelid. Some users have developed a slight discoloration to the upper lash line. If you mind this discoloration, please stop using Develle Eyelash and Eyebrow Serum. We would like to stress that Develle Eyelash and Eyebrow Serum is not to be used for the treatment of hair loss or for the stimulation of hair growth.

Caution:

Avoid contact with eyes. Should contact occur, please rinse immediately with water. Apply Develle Eyelash and Eyebrow Serum according to strict hygienic guidelines to preserve the purity of this high-quality eyelash and eyebrow care product. Please do not apply Develle Eyelash and Eyebrow Serum during car journeys. Do not touch the eye with the applicator. For reasons of hygiene please do not share the product with other persons. The product must not be thinned or mixed with other substances (water, saliva etc.) Please keep Develle Eyelash and Eyebrow Serum out of reach of children at all times. Please **do not** use Develle Eyelash and Eyebrow Serum if you are being treated with chemotherapy, or if you are under 18 years of age, pregnant or breast-feeding. If you are being treated for any eye disease or have undergone an eye operation (including cataract operations with insertion of an artificial lens), please consult your doctor before using Develle Eyelash and Eyebrow Serum.
